Step 3 — Create the remaining 7

Use these values:

Business Unit	Description
Research & Development	Responsible for research, innovation, and development activities.
Legal & Compliance	Responsible for legal requirements, regulatory compliance, and governance.
Sales & Marketing	Responsible for sales activities, marketing, customer engagement, and business development.
Operations	Responsible for day-to-day operational activities and service delivery.
Management	Responsible for organizational leadership, strategy, and decision-making.

Finance	Responsible for financial management, accounting, budgeting, and reporting.
Human Resources	Responsible for employee management, recruitment, training, and personnel records.
Information Technology	Responsible for information technology infrastructure, systems, networks, and cybersecurity.

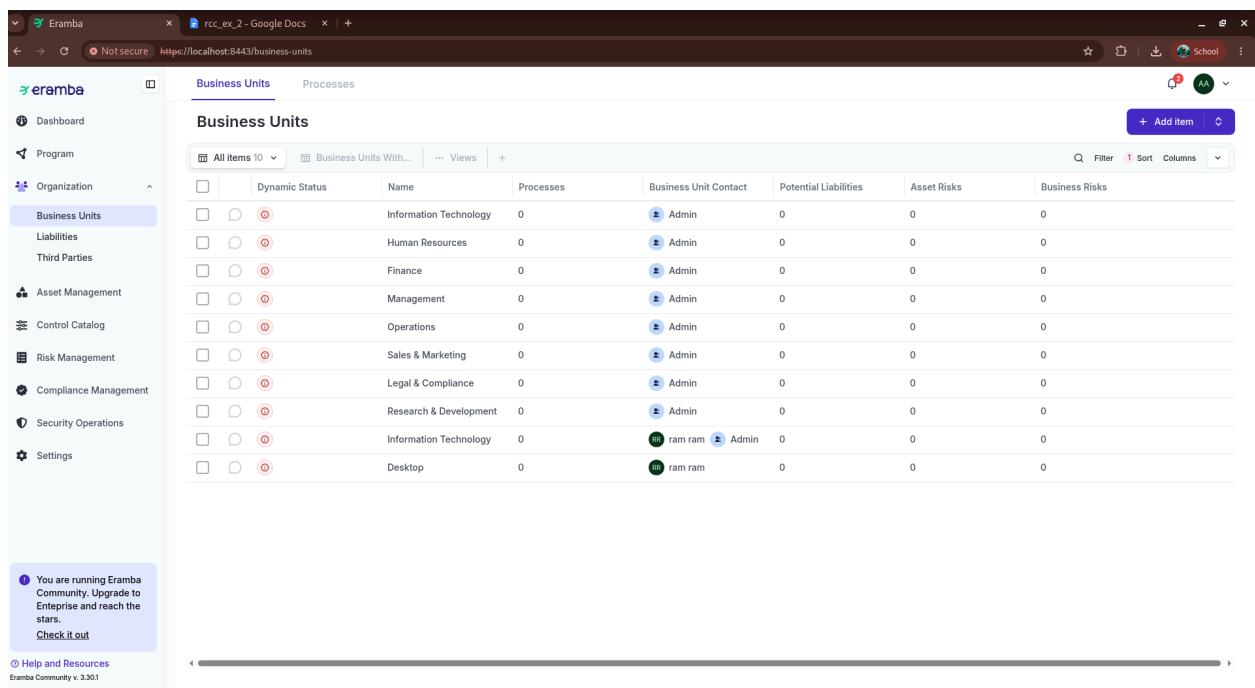

For Business Unit Contact, use:

Admin Admin

Step 4 — Verify Business Units

After creating all 8, go back to:

Organization → Business Units

Business Units							
	Dynamic Status	Name	Processes	Business Unit Contact	Potential Liabilities	Asset Risks	Business Risks
☐		Information Technology	0	Admin	0	0	0
☐		Human Resources	0	Admin	0	0	0
☐		Finance	0	Admin	0	0	0
☐		Management	0	Admin	0	0	0
☐		Operations	0	Admin	0	0	0
☐		Sales & Marketing	0	Admin	0	0	0
